# Discussion

- \* The world of tolling has evolved
- \* No longer is the field the domain of public or quasi public authorities
- \* A variety of new models including:
  - \* Concessioner toll roads, availability-payments and HOT lane facilities to name a few affect the landscape

# NEW FEDERAL LAW

- \* Map-21 opened the door to tolling possibilities on the Interstate system
- \* Other Federal-aid roads are on the table
- \* Tolling accounts for a large share of new center lane miles
